Demonstration of MAT on attendees, with an outline of all testing points. The rational for and clinical application of whole food nutrition and western herbal medicine.

The review of case studies published on the patient's utilization of nutrition and herbal support.

Identification of, and ways to support the general health of the patient who presents with endocrine dysfunction, digestive issues, heart disease and modifiable cardiac risk factors, liver & kidney disorders, and immune compromise.

Frank Cucolo DC

Dr. Frank Cucolo is a practicing chiropractor and nutritional expert with over 30 years experience combining therapeutic nutrition with holistic therapies. He is the co-founder of the Meridian Autonomic Testing Technique. Dr. Cucolo brings a unique integration of his knowledge of whole food nutrition with specific reflexes to determine nutritional protocols. Is there an emotional link to the condition or is it a structural fault? Combining Whole Foods with Herbal Synergists is a powerful 1-2 punch that is most effective in today's "toxic" world.

Matthew Cucolo DC

Dr. Matthew Cucolo is a practicing chiropractor and nutritional consultant who utilizes whole food therapeutic nutrition with adjunct holistic therapies to best treat his patients. He is a summa cum laude graduate of the Southern California University of Health Sciences and has continued his training through multiple post-graduate seminar techniques. Dr. Cucolo is also the cofounder of the Meridian Autonomic Testing Technique (MAT). He creates dynamic nutrition lectures that connect with his target audience to make the complex understandable and practical.
